DigestPro 50,000 U/g

DESCRIPTION AND COMPOSITION:

Neutral protease feed enzyme for poultry, swine and aquaculture feeds. Improves protein digestibility and feed conversion.

Product type: Feed additive

Content: Neutral protease 50,000 U / g

TARGET SPECIES:

Swine, Poultry, and Aquaculture.

INDICATIONS:

Breaks down complex feed proteins into readily absorbed peptides and amino acids, improving nutrient utilisation and feed conversion and reducing nitrogen and ammonia excretion.

ROUTE OF ADMINISTRATION:

Oral, in feed

DOSAGE:

50g to 100g per ton of feed for broilers, pullets and layer/breeders, sows, weaners, grower/finishers, fish and shrimp.

SHELF LIFE:	PACK SIZE:
2 years	25kg

FEED ADDITIVES

Enzymes & Fermentation Extracts
